Introduction

With most companies struggling to find high-quality trainers, SaigolEd offers a powerful solution to save tens of thousands of pounds and provide access to the best corporate trainers from around the World.

- 1) Save tens of thousands of pounds.** Our Corporate Training rates are unbeatable
- 2) Dramatically increase training staff quality.** Our rigorously selected corporate trainers bring over 10 years of experience and undergo thorough background checks, making them far more qualified than the industry average.
- 3) Enhance training relevance across all programs.** Our corporate trainers are handpicked to match your organization's specific skills and learning needs.
- 4) Offer core training programs and more.** Wide range of courses with the flexibility to expand

About Us

SaigolEd has a first class team with backgrounds from Cambridge, Harvard, Google and Microsoft.

HARVARD
UNIVERSITY

Microsoft

SaigolEd is backed by leading US private equity investors, committed to driving success for our corporate partners.

We have highly experienced corporate trainers, specializing in delivering reliable and effective online training solutions to organizations across the globe. Our commitment to quality ensures that businesses receive top-notch trainers who bring expertise, professionalism, and a passion for training.

Our Rigorous Corporate Trainer Selection Process

**Only the most qualified (at least 10 years of expertise) are selected to join.
We only take 1 in 20 of the corporate trainers we interview.**

We have a rigorous corporate trainer selection and vetting process across all courses and skills. We pride ourselves on matching the right corporate trainers to each organization's specific needs, ensuring a perfect fit.

- 1) 10+ years teaching expertise
- 2) Full background checks
- 3) Interactivity skills
- 4) Training methods and engaging content
- 5) Online training tools
- 6) Training Expertise: Entry-Level to Executive Programs
- 7) 4 rounds of interviews
- 8) Further in-house training

All Courses Covered

Supplement your core training programs and expand into new skill areas to engage and upskill your workforce. From foundational to advanced levels.

Our corporate trainers cover **all courses** including AI, Engineering, Business, Computer Science, Data Analytics, Law, Architecture, Finance and Humanities. **We offer any skills or courses you wish.**

How We Work With You (Quality)

Trust us to deliver exceptional quality and raise standards.

Fit: Choose exactly the right corporate trainer for the course or module needed. World experts in each specific area needed.

Assessments: As part of our commitment to training excellence, we provide pre- and post-assessments.

Dedicated support: We are highly responsive, addressing queries and concerns promptly. Our experts actively monitor training sessions and provide constructive feedback, ensuring continuous improvement.
